Grandstand 8

Grandstand 8 is directly across from the pit garages so you can catch all the action that unfolds in pit lane. Located on the outside of the track on pit straight, this stand is one of the best places to witness all the start/finish line action. This stand is a partially covered permanent structure with a big screen directly opposite the stand so you don't miss a minute of the race. Behind the stand are food and beverage retailers and merchandise stands, along with toilet and ATM facilities.

Grandstand 8 is best accessed through gate four.
